## OBJECTIVE

---

Driven web developer and UI/UX designer passionate about crafting seamless digital experiences. Eager to expand expertise in **front-end development, user interface design, and software development by continuously learning and adapting to new technologies**. Committed to delivering high-quality, visually stunning, and intuitive websites and applications that not only meet but exceed client expectations. Dedicated to applying user-centric design principles while rapidly acquiring new software development skills to contribute to innovative and impactful projects.

## EDUCATION

---

### Bachelor of Commerce with Computer Application,

Thiruvalluvar University

2023

CGPA - 7.5%

### Diploma in Computer Application with Multilingual DTP,

National Institute of Electronics and Information Technology ( NIELIT )

2022 - 2023

CGPA - 8.5%

## SKILLS

---

<b>Technical Skills</b>	HTML, CSS, JavaScript, React, UX/UI, Responsive design, Angular, Testing and Debugging
<b>Soft Skills</b>	Excellent Communication, Problem-Solving, Time Management, Collaboration, Flexibility
<b>Other Skills</b>	Version Control(Git & Git-hub), Responsive Typography, Performance Optimization

## EXPERIENCE

---

### Web Development Intern

Jan 2024 - Feb 2024

Internship Studio ([Certificate Link](#))

*Remote*

- Created responsive, user-friendly client websites using HTML, CSS, and JavaScript, ensuring seamless functionality across devices.
- Assisted in feature development and implemented design changes based on feedback and usability testing.
- Worked closely with senior developers to identify and resolve technical challenges, ensuring optimal performance and seamless user experiences.
- Gained experience with web tools and frameworks while contributing to team design discussions.
- Developed and maintained web applications using JavaScript frameworks such as React, ensuring code efficiency and scalability.
- Applied best practices in software development, including version control (Git), testing, and debugging, to deliver reliable and maintainable code.

## RELEVANT PROJECTS

---

**E-Commerce Websites:** Ogani connects customers with fresh, locally sourced fruits and vegetables, supporting farmers and promoting healthy eating. Utilizing HTML, CSS, JavaScript, and React, we ensure a seamless and engaging user experience. Our mission is to make high-quality produce accessible while fostering sustainability. Join us in embracing freshness and wellness with every click.[\(Try it here\)](#)

**Portfolio Website:** This is a portfolio website showcasing my projects, skills, and experience. It is built using HTML, CSS, JavaScript, React and Bootstrap for responsive design. The website is designed to provide visitors with an overview of my work, allowing them to learn more about my skills, projects, and contact information.[\(Try it here\)](#)
